

City-based Extentia opens new office in Bengaluru

EXPRESS NEWS SERVICE

PUNE, APRIL 3

CITY-BASED Extentia, which offers software development services, has opened a new centre in Bengaluru to cater to its increasing client base, stated a press release issued by the company on Tuesday.

“Increased demand for the company offerings related to mo-

bile, cloud, and design services from existing and new clients led to the establishment of the Bengaluru centre...,” it added.

The office was inaugurated on March 28.

“...Extentia looks forward to working even more closely with our partners and customers in Bengaluru, and extending relationships for the long-term,” said Umeed Kothavala, CEO of Extentia.
